

Features

- ☆ PU material, our polyurethane vacuum pads will last 3–4 times longer than the pads made from rubber or other vulcanized or polymerized materials.
- ☆ Less "down time" but "turn over" will increase productivity.
- ☆ Good resilience or flexibility.
- ☆ High tensile strength with high wear and tear resistance.

How to Order

SFP20PU-18F

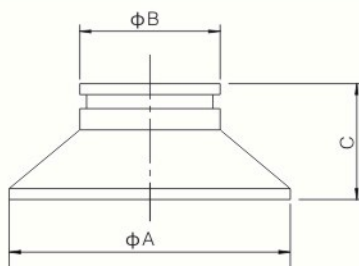

① Model	② Connection thread
SFP20PU $\phi 20$	18-F G 1/8 Female thread (SFP20PU, SFP25PU)
SFP25PU $\phi 25$	18-M G 1/8 Male thread (SFP20PU, SFP25PU)

PU=Shore hardness 60°

18-F Ordering code 10.018.0013
18-M Ordering code 10.018.0012

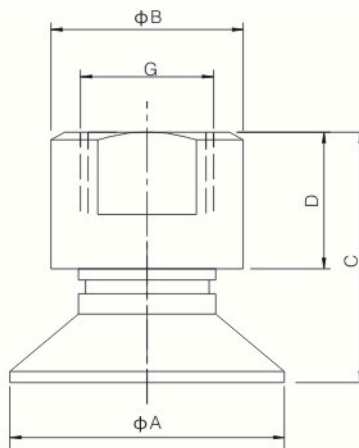

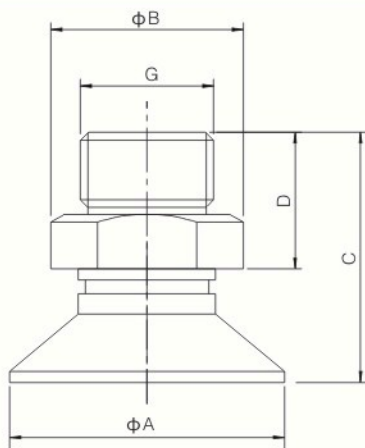

*Refer to the fittings for vacuum pads on page 166–169

Dimensions (mm)

Model	ϕA	ϕB	C
SFP20PU	20	10	8.3
SFP25PU	25	12	9

Connection dimensions (mm)

Model	ϕA	ϕB	C	D	G
SFP20PU	20	14	18.9	10	G 1/8
SFP25PU	25	14	19	10	G 1/8
